ENROLL IN Harvey Milk Civil Rights Academy!

We are Harvey Milk Civil Rights Academy, or HMCRA, a small, public elementary school located in the heart of San Francisco's Castro district.

And that's a good thing.

Small enough to be able to focus on your child's individual needs and development, while truly embodying the spirit, inclusivity, and diversity that defines the Castro.

Our mission

We empower student learning by **teaching awareness, acceptance, and non-violence; celebrating our diversity; achieving academic excellence; and fostering strong family-school-community ties.**

Our overall objective is to guide the **development of a well-rounded human being** who has the ability, skills, and attitude to become a contributing asset to self, family, community, and society.

We're a family

Talk to any of our families and you'll feel that our community of parents and caregivers, students, teachers, and staff is special. We have one powerful agenda: to make HMCRA **the most enriching social and educational experience possible** for our kids.

A strong parent/faculty group

The Parent Faculty Club (PFC) is **free to join**. The organization builds community and raises resources to support students and staff. The PFC sponsors events throughout the school year such as **picnics, an annual drag show, movie nights, DEI initiatives, read-a-thon, winter peace assembly, and spring carnival.**

The best building around

Our school recently underwent extensive renovation, with a **new playground** and a **beautiful multimedia library** with outdoor learning space. Our **new electrical and HVAC systems include air conditioning and MERV 13 filtration**, among the most effective available.
